

# Medical Bills and Health Insurance

When you call your insurance provider, always get a name and phone number of who you are speaking with. You may have more than one insurance provider, so write down the information about both. This will assist you in the future with quick reference and details about past conversations.

| Insurance Provider | Insurance Plan Identification Number | Telephone Number(s)                 |
|--------------------|--------------------------------------|-------------------------------------|
|                    |                                      | <div></div> <div></div> <div></div> |
|                    |                                      | <div></div> <div></div> <div></div> |
|                    |                                      | <div></div> <div></div> <div></div> |

| Date / Time | Reason for Call | Insurance Provider / Name of Person Spoke With | Result |
|-------------|-----------------|------------------------------------------------|--------|
|             |                 |                                                |        |
|             |                 |                                                |        |
|             |                 |                                                |        |
|             |                 |                                                |        |

| <b>Date / Time</b> | <b>Reason for Call</b> | <b>Insurance Provider /<br/>Name of Person<br/>Spoke With</b> | <b>Result</b> |
|--------------------|------------------------|---------------------------------------------------------------|---------------|
